

ECM is a Medi-Cal benefit that provides extra care management services to members with highly complex needs. This new benefit can help you get the care you need to stay healthy and manage the care you get from different doctors and others involved in your care.

Who We Serve:

- Children and youth experiencing homelessness
- Children at risk for hospitalization or visits to the Emergency Department
- Children and youth with serious mental health and/or substance use needs
- Children and Youth involved in Child Welfare
- Children and Youth Transitioning from a Correctional Facility
- Children and Youth Enrolled in CCS or CCS WCM

What Services We Offer:

- Find doctors and get appointments for health related services your child may need
- Find and apply for community based services based on your needs, like housing supports or medically nutritious food
- Set up a ride to get to your child's doctor, dentist, or therapy visits
- Get follow-up care after your child leaves the hospital or other treatment facility

Additional Details:

- Children and Youth can qualify up to age 21. No minimum age.
- Services are provided in the community or over telehealth and phone.
- Getting ECM services will not change the Medi-Cal benefits you already have. It will give you extra help to better coordinate your care at no cost to you.
